St. Leo the Great: Pope and Doctor of the Church **November 10th**

He was the first Pope named Leo, and the first Pope to be remembered as "the Great". Leo is also the first Pope whose sermons have come down to us. He is one of only two Popes (the other is Gregory) to be recognized as a Doctor of the Church. When he died in 461, he became the first Pope to be buried in the St Peter's Basilica. His relics are preserved in the new St Peter's, near the Altar of the Chair, in a chapel dedicated to the "Madonna of the Column."
